## October, 2023

Newsletter Editor—Chris Dale

### *President's Report:*

*If you didn't make it to our sponsors Corvette show at Emich. It was a very good turnout, and a lot of very nice cars. Everyone enjoyed the day, and the cooking crew did a great job keeping everyone fed. Lots of sun and was a very warm day, great for a car show. Was a lot of close voting numbers in a lot of classes. Seems everyone was pleased with the outcome for the winners.*

*Looking forward to the ice cream social this Sunday September 17, 2023. Hope to have a great turn out for this event.*

*Summer is winding down very fast, and then the cars will be in semi hibernation, I for one dislike that a lot. Get your Corvette out as much as possible in the next few weeks.*

*Save the wave!!*

*Joe Parker*

# Vice President's Report

## VICE PRESIDENT KATHY HALL REPORT SEPTEMBER 2023

It's with a sigh of relief and a happy smile on our faces that we remember our first EMICH APPRECIATION CORVETTE CAR SHOW ON SEPTEMBER 9<sup>TH</sup>. It all started in early March with a meeting between Kathy & Bill Hall, Phil Barnes and Kathy Nemeth-Kellett, President of Down the Road (DTR) Club. Mike Jendreas of Emich Chevrolet has supported DTR for the past 12 years and DTR has worked the EMICH show alone. We met with Kathy to hear how LGCA & DTR could work together and get all the details we needed to learn – boy was there a lot to learn!

We sent out the first mailing of 294 people in early May. We used the past Emich show mailing list, Scotchman mailing list, LGCA mailing list and corvette website to begin. Bill and Phil worked diligently on reaching as many as possible by handing out flyers at all the car shows we attended. Of course, there were packets to make and reams of printing of different colors for the 8 classes of cars. Sandy Seader was helpful with printing. Talked many times to Kathy (DTR) for advice and clarification – she was awesome! Our den was full of registrations in different piles and Bill was on computer constantly or his phone as all registrations and questions came over his phone to computer – even 1:00am on eve of show and 6:00am day of show.... We started Friday afternoon moving EMICH'S cars to back lot – 85+ cars – helpers were Bill & Jo Charlton, Tom Nutz, Ted Smith, Tom Robben, Jane Walker, Dennis Aalseth, Gil Folsom, Larry Cook and Mike Beck.

Saturday came very early – 5am and there by 6:30am to our awesome workers smiling faces – Tom & Sandy Robben on coffee and donuts holes – Donna Weller and Bob Burroughs on back gate – set up team of Mike Salazar, Tom Mansfield, Ted Smith, Dave Rhodes, Bill Charlton, Kathy and Rick Ball, Kristelle Nielsen and “mighty” Mike Mefford and our car parkers Larry Cook, Joe Parker, Tom Robben, Bill FitzGerald, Bob Chelle. Our awesome cooking team of Judy Nielsen, Steve Culbertson, Mike Mefford, Mike Salazar, Rick and Kathy Ball. Jo Charlton and Karen Chelle handled new registrations/ballot counters. Susan Wozniak and Roger Cozens were on trash patrol – cold drink managers were Susan Wozniak and Dennis Aalseth - a lot of people over lapped and just filled in when/where needed as there were tables/chairs to set up, tents, flags and banners to put up, grills to manage. Kathy LGCA and Kathy DTR received the 165 + cars that filled up most of a football field lot – Sandy Seader and Kristelle Nielsen jumped in for assist. We were pleased with the music and announcements by John Marsico and Mike Jendress.

Our ticket marketing team of Shirley Salazar and Donna FitzGerald were diligent in collecting over \$2,000 for the TUNNEL TO TOWERS FOUNDATION CHARITY – a 501(c)(3) non-profit organization honoring America's First Responders by providing mortgage-free homes to fallen first responder families with young children and committed to eradicating veteran homelessness.

EMICH bought over 110 pounds of hamburgers and hot dogs, buns, condiments – all the drinks and all 25 trophies, and provided door prizes galore.

All in all for our first time handling the show, we are proud and grateful to all the first class workers. Maybe look forward to next year with anticipation of doing it better.

Kathy

# Business Meeting Minutes

Submitted by Sandy Seader

## LOOKING GLASS CORVETTE BUSINESS MEETING

September 5, 2023

President Joe Parker called the meeting to order at 7:00pm. Officers present were Joe Parker, president, Kathy Hall, vice-president, Sandy Seader secretary, Bob Burroughs, public relations, and Bob Chelle, treasurer.

**Membership Committee:** Susan Wozniak: Introduced Earl Parson, Earl just bought a new 2023 Red Corvette. Earl met Carl Boone at a car show and Carl told him about our club.

**Public Relations Officer:** Bob Burroughs indicated to the wives and girlfriends that September is buy your husbands a Corvette month. Nothing to do with Corvettes, but Friday the 17th out at the Coliseum is the largest Mineral, Fossil, Gem Show.

**Treasurer:** Bob Chelle reported on the clubs' financials.

**Secretary:** Sandy Seader mentioned if you ordered name tags, please see her after the meeting. She also Thanked Judy Nielsen and the rest of the 50th Anniversary committee for all the hard work they put into making this event memorable and successful.

**Vice President:** Kathy Hall reported on past events.

\*The Dragon Man Museum

\*Outing at Bandimere Speedway great turn out, food was great, and the weather held out for most of the event.

Kathy Hall read the names of all the people who have birthdays in September.

**President:** Joe Parker called Judy Nielsen up to the podium and asked the club to stand and give her a round of applause for pulling off the 50th Anniversary. "From the bottom of our hearts Thank You!" On another note, on the 50th we had 21 people who signed up to attend the picnic that didn't show up, that cost the club \$700.00, which we didn't need to spend. The prepared food could not be donated, so if you sign up for these events you really need to attend. Speaking of donations, he and Sam have taken 58 pounds of toiletries to the Battered Women's Shelter in Arvada.

**Social Committee:** Judy Nielsen first thing if you order posters, please pick them up at the table where Kathy and Rick Ball are. Second pick up T-shirts or polo shirts from the table where Kristelle Nielsen and Mike Medford are sitting.

Judy wanted to Thank all the people on the 50th Committee for all the work they put in to make this event a success.

16 Corvettes show up for the drive by for Pat Dulins. He was so Thankful to see all the members come by and wish him well.

Judy Nielsen reported on upcoming events:

\*Ice Cream Social 9-17-23 Austin Hardwoods

\* Fall Colors Trip 10-5-23-10-7-23 Buena Vista, Salida, Monarch Mountain. We need to limit the number of cars to 15 because it's becoming more difficult to try and find restaurants that will accommodate large groups. The club hates to do this but we don't have a choice.

\* Adams Playhouse 10-19-23

\*Thanksgiving Potluck 11-7-23

\*Chili Cook Off and Craft Show 11-11-23 Holy Shepard Lutheran Church

Kristelle Nielsen spoke about some members who would like to see the Bandimere picture on the back of a t-shirt and they arranged for that to happen. Kristelle is thinking about hosting a Halloween party and if you're interested, please sign up in the back. If anyone is going on the Pirates Cruise, there is a signup sheet in the back.

**Car Shows:** Bill Hall reported on the Emich Car Show 09-09-23 as of this date they had 135 cars registered:

Please see newsletter for Cruse-ins and Car Shows.

**CCCC:** Tom Mansfield reported on the Collector Car Council, Rocky Mtn. car Show was a great car show they had over 500 that attended.

**Parades:** No Report

**NCM Ambassador:** No report

**Refreshments:** Sandi Robben wanted to thank everyone for bringing snacks for the meeting.

**New Business:** Joe Parker mentioned the next Board Meeting will be September 19, 2023, at 10:00 A.M. Since the Christmas party is on December 2, 2023, there will not be a business meeting in December.

Joe Parker asked membership where do we as a club go from here regarding VOTR? He took a poll on how many members support VOTR and by a show of hands about half the members indicated they supported it. Membership has asked since they supported VOTR would they work it and by a show of hands about half of membership agreed to work it. The VOTR Committee Members where at the Podium to answer question and address concerns about VOTR.

Reasons why membership did not want to support VOTR:

\*There is a change in demographics, and we need to change with what is popular with people now.

\*As membership becomes older it's harder for them to work at large events.

\*Too expensive

\* Not enough people are working at the events and members are working all day.

- \*The high altitude is bothersome to some members and other participants.
- \*Mountain Towns have other events to draw people in beside VOTR.
- \*Young People are not joining clubs or doing events anymore.

Reasons to continue VOTR:

- \*Could be a money maker
- \*Our Sponsor is very interested in sponsoring VOTR
- \*LGCA is known for VOTR
- \*People are willing to work VOTR
- \*People are willing to attend VOTR
- \*Scaling down the events would be better
- \*Closer to Denver would be better

In closing Joe Parker said "VOTR has been LGCA's identity for years and if we don't have VOTR what is our identity, other than a group of people who own corvettes and have made good friendships." I think we need to continue VOTR, and this has given our committee perspective on where we're headed with it in 2025.

**Old Business:** Nothing to report.

The meeting was adjourned at 8:25 P.M.

Respectfully Submitted by Sandy Seader Secretary

# Merchandise Committee

## Report

For those of you who would like to purchase new items from Monograms by K&K go to the LGCA website ([www.lgcacorvette.org](http://www.lgcacorvette.org)), Members Only.

There you go into Club Merchandise.

You will be able to order clothing by size and color provided by the charts. You can also take in your personal items to the shop in Parker for logo embroidery and/or name.

Once ordered you can pick it up at the shop:

Monograms by K&K  
12870 Stroh Ranch Ct.  
Unit 105B  
Parker Co 80134

Or you can have it shipped to your home for a fee.

If we find enough interest for a certain style of merchandise, we can add it to our store in the future.

HAPPY SHOPPING

Merchandise Committee

10/14, Sat.	10-2pm	Arvada Elks Car Show by Arvada Elks	Open to Public.

The following are the minutes of the September 2023 Colorado Collector Car Council, from Notes taken by Calvin Craig, CCCC 2<sup>nd</sup> Vice President:

#### Notes on the CCCC meeting of September 7

Dick Thompson opened the meeting at 7:30 pm to a light attendance at Gateway Classic Cars. Eighteen member clubs and one individual member were in attendance. He started off with the benefits of selling a car via Gateway Classic Cars; ease of working with them, how the selling price is set, the positive aspect that the seller does not have to interact with potential buyers and the communication between Gateway and the seller.

Up next was Leo Boyle, our lobbyist. He gave an overview about the issue of the Denver metro area being out of compliance with EPA Air Standards for Ozone and how the state legislature is working on ideas for legislative action to bring the metro area into compliance. A working meeting of a group of legislators was held on August 28th. The meeting was primarily for education of what causes ozone, how it affects humans and the health issues. Leo stated that state Senator, Chris Hansen of Denver attended and made remarks about general information as to the causes of ozone and remedies for it. Also, state Senator Barbara Kirkmeyer of southern Weld County and far north Thornton, spoke in favor of preserving the oil and gas industry in Colorado and that in the process of attempting to reduce ozone, those industries should have protections. The legislature has in place a form of a Cash For Clunkers program to remove the 500 most polluting cars within the metro area. The "cash" most likely will be in the form of a voucher towards the purchase of an electric car. There have been 680 applications for this program. The money comes from a 27-cent tax on ALL home deliveries, be that Amazon, groceries, food from restaurants, any home delivery from a business.

Following Leo was Matthew Groves from the Colorado Automotive Dealers Association (CADA). Matthew spoke about how Colorado is working toward meeting 80% of California's goal for sales of electric cars by 2032. CA is wanting 100% sales of electric cars by 2035. Currently he states that the CO legislature has

no stomach for reaching 100% electric sales by 2035. The Feds in their attempt to help states achieve the CA goal (which 18 states have signed up with), manufactures will have to have 47% of their cars shipped to the states to be electric vehicles. His opinion is that to accomplish this the manufactures, for cars to those 18 states (includes CO), will ship few if any electrics to the western slope or eastern plains, thus unloading on the front range all of the required electric cars. Stellantis has already stated that they will quit shipping ALL internal combustion engines by 2032.

Neither Dick Fritz nor Samantha Baker were able to attend the meeting. A vote was held to accept both the minutes from the last meeting and the treasury report, which Dick gave a short overview of. Gross income from the Car Show at the Rocky Mountain airport was \$10,429.59. As some invoices are still outstanding, the net proceeds are not yet known, but Dick estimated a profit or around \$5,000.

Dick Thompson announced is stepping down from the role of running the car show for the CCCC. He asked for people to come forward to take over that duty for the CCCC. No one at the meeting spoke up except for Calvin who stated that he is still full time employed and could not take the time to run the car show, as it in-of-itself is nearly a full time job. Calvin also expressed that CCCC members need to step up and take this on and thanked Dick for his time and hard efforts in putting on the car show.

Calvin brought up an idea provided by a person that is a member of both the RPM Club and the Colorado Mopar club as an alternative way for the CCCC to raise money. His proposal is attached. Dick Thompson and a few others thought it may be a good idea, and something new.

Meeting was adjourned at 8:35 pm.

Next meeting: Wednesday October 4, at the Forney Transportation Museum, 4303 Brighton Blvd., Denver CO. On the agenda: Nominations for 2024 CCC officers.

## **A Proposal for a Colorado Car Show Competition (CCSC)**

As 2023 draws to a close Bandimere Speedway is wrapping up its final season, eliminating the yearly Club Clash competition. This competition provided several hundred racers with an opportunity to bring their vehicles to eight or ten events every summer. Until Bandimere reopens at a new location (if this indeed occurs) car enthusiasts find themselves looking for other car-related events.

To fill this need, we propose a statewide car show circuit throughout the summer, culminating in the crowning of a state-wide champion, complete with second and third place trophies.

### **Concept:**

In 2024, CCCC will offer a Statewide car show competition spanning from April to October. Participants will attend specific car shows located across the state, accruing points at each event. At the end of the year, the CCCC will announce the winners in various categories, based on accrued points throughout the season. In addition to overall points winners, individual Car Clubs within the CCCC can use this points data to award winners within each club's membership.

### **Desired Outcomes:**

- Provide regular car related events for automotive enthusiasts.
- Increase participation for CCCC club sponsored car shows.
- Appeal to car owners who do not currently participate in car club events.
- Encourage model or make specific owners to attend shows designed for all car enthusiasts.
- Encourage enthusiasts to attend shows outside their local neighborhood.
- Provide the CCCC with a project involving all member clubs who are working towards a common goal.

### **Schedule:**

Ideally, the competition will use existing car shows. A May to October schedule allows for 20-26 shows throughout the season. Since the proposed competition accrues points over the season, participants who attend as many shows as possible will be in the best position to win the championship.

We should use as many CCCC related shows as possible, but established non-CCCC shows that are willing to support the competition may be approached to fill out the schedule.

To start the season, we will reach out to the members of each CCCC club and ask them to register for the season. Each registered member will receive a competition number to be used for scoring purposes. In addition, we can reach out to the general public during club events and encourage them to register as well. It's important to complete the registrations early in the competition, so competitors can accrue the maximum number of points.

If desired, the points system could allow competitors to choose some fraction of the point total for their final score (for example, choosing 16 shows out of a 20-show schedule). Because few people could make

every show in a season, this approach should see more car owners signing up for the competition, since it allows each competitor some time flexibility through the summer.

### **Scoring:**

Scoring the competition can be very simple or extremely complex. Both approaches have pros and cons, but scoring should be designed with an eye towards promoting maximum participation through careful consideration of the vehicle categories, methods of points distribution, and how to factor in the awards packages for each participating car show. The following sections discuss some of the pros and cons of each concern.

### **Categories:**

In general, categories can be make, model, or trim specific. To keep things simple, we suggest participants be grouped in the following six categories:

- GM
- Ford
- Chrysler
- Domestic Orphans
- European
- Asian

At the end of the year, the top two or three vehicles in each group will be awarded a class win.

### **Points:**

Points are typically awarded by judges, fellow participants, or the general public. Each approach has limitations, but for our purposes we suggest a hybrid system as follows:

- 1) For every event, ask the general public (show attendees) to choose 5 cars they like the best.
- 2) At ONE event for each Category (GM, Ford, etc) the club or clubs putting on the show will have a category specific "show within the show" and award bonus points to the home team.

For the category specific points competition, each club can use their preferred method to identify winners (judges, participant votes, general public votes), but cars in the statewide competition will receive these bonus points based on a predetermined scale.

By limiting these bonus points to one show per category per year, participants have one chance for bonus points each season. NOTE: The clubs involved in a given category could have two or more regional events, so long as each car only received bonus points in ONE regional competition.

### **Additional Issues:**

This proposal is a rough outline designed to present the overall framework. All the ideas presented here are subject to review and modification. In addition, there are a number of issues that are not addressed, including the following:

- How big an area should be included- Grand Junction? Durango? Julesberg? Craig?
- Will model or make specific car shows accept other cars participating in the statewide competition?
- Do existing car shows have room for addition cars?
- Is there enough support in the CCCC to accurately gather points from each competition?
- Does every registered vehicle receive points at a show, or limit points to a specific number (say ten cars)?
- The competition will have more GM cars than European models. Will this influence the scoring? Can weighting the points system balance out the categories?

**FOR SALE**

**FOR SALE (1 OWNER)**

**2015 Corvette Stingray Z51 performance package, 3LT**

12,133 Miles (immaculate condition)

7 -speed rev-matching manual transmission

Both solid and transparent roof types

\$55,400

Paul Summers, former Looking Glass member (303-809-8727)

This car was a factory order per my option list, which includes many options above the fully optioned 3LT package. This car has a hard-to-find Khalahari (Tan) leather interior, which was only offered one year. Never tracked or raced.

Optional equipment on factory order \$16,490.00):

1. Chrome aluminum wheels
2. Magnetic Ride Control with PTM (performance traction management)
3. Carbon fiber interior package
4. Laguna Blue tintcoat
5. Blade silver full length dual racing stripe package
6. Chrome center wheel caps with z/51 Logo
7. Battery protection package (has a pug-in (auxillary power style) to maintain battery charge when car is not driven for long periods. Located in rear cargo area. Just connect to AC power).
